## Gratitude for 4T

Soon after taking the 4T program I became debt-free and was well on my way to becoming independently wealthy. My needs are now easily met and my desires are now spontaneously fulfilled. I am truly grateful for this life-changing program. I am truly blessed and prosperous from having taken it. I most highly recommend it to anyone seeking prosperity. — J.C., 4T student

# About the 4T Prosperity Program

## 4T Prosperity Program is so successful because:

1. Students commit to their own success when they sign *My Contract With God* and commit to change.
2. There is power in a conscious commitment.
3. The 12-week length allows students to align with their own and others' goals and creates an atmosphere of trust and expectation of good.
4. Small prayer groups are formed and each student is taught "how" to pray successfully. The students become bonded to one another.
5. The seven basic prosperity principles are uniquely taught for ease of understanding, not only at the intellectual level, but also at the interior, feeling level. The opportunity to be able to listen/read these principles over and over again deepens that understanding.
6. The Twelve Step Program is adapted to the course as an aid in spiritual surrender, mental housecleaning, and in achieving a spiritual awakening. The premise is that we are all addicted to our old beliefs. When we recognize this, we can change.
7. All of these and more combine for a life-transforming experience. In short, it is a program in prosperity, not simply a class.

*Join the thousands who have experienced the life-changing benefits of the 4T Prosperity Program!*

The 4T Prosperity Program is a 12-week, church-facilitated, spiritual program dedicated to the idea of living an abundant life —

- Free of the feeling of fear and insecurity.
- Free of thoughts of lack and limitation.
- Centered in the abundance of God.

When that connection with God is made, wondrous events occur and people experience a deeper spiritual awareness, enhanced relationships, job satisfaction, financial security, self-esteem, and better health.

### *The 4T Prosperity Program:*

#### ► Commitment

Each student realizes a shift in perspective when he/she realizes there is plenty of time, talent and treasure to give and receive. And this newly found awareness creates a sense of trust that they have the ability to manifest all they long for. During the 12 weeks, each student commits to:

1. Attend church services and 4T classes weekly.
2. Meditate daily on the ideas of prosperity.
3. Volunteer for work with his/her church or some other non-profit organization.
4. Tithe 10% of his/her income to their church.

Unity Church of Christianity also commits by guaranteeing that the student will be wholly satisfied; that is, that the student's life is guaranteed to be more abundant at the end of 12 weeks, or the entire tithe will be refunded, upon request.

#### ► Dual modality learning system

The 4T Program includes Individual recordings on CD or tape and a word-for-word transcript of each lesson in an accompanying workbook. The course uses both modalities, hearing and seeing, simultaneously, for deeper understanding. The 4T Program consists of twelve, two-hour classes which encompass:

1. Listening to and reading the lesson.
2. Sharing of successes,
3. Discussion about the lesson,
4. Intentions set in small prayer groups,
5. Weekly tithing.

The length of the course gives each student a sufficient amount of time to assimilate the basic prosperity principles into consciousness and to have those principles expressed in his/her own life.

## Comments about the 4T Program from Unity participants

"From the Age on Innocence to the present moment, I have been awakened to learn to trust. Trust in the universe. Trust in the goodness. Trust the abundance of God's gifts. This class has reminded me to surrender and joyfully give of myself, and the journey continues....I am prosperous. We are prosperous!"

"I am a changed woman! The 4-T Prosperity class provided clarity of the concepts I had been taught in other class work over a period of 9 years. There has truly been a breakthrough, an understanding, the 'ah ha!' moment of 'getting it.' Thank you, God for recognizing my readiness—for being the still small voice encouraging me to take the class. Thank you God for keeping your promises—as I kept mine by honoring my contract with you. Thank you God for my continuing growth as a spiritual being."

"The 4T class takes you on a journey of inner discovery. You are led simply and directly down the path each week. You leave behind many burdens and your steps grow lighter and your heart becomes full and calm. At the end of this 12 week journey I am filled with peace."

"Prosperity is not just money. Consciousness of spirit is prosperity at its core."

"The class taught me how to pray more effectively and to understand my true nature. It also gave me an insight into the nature of my relationship with the God within. My whole concept of God has been expanded. The class was very well presented and the facilitators made the experience very worthwhile. I must admit that a 12 week course seemed at first to be too long, but as I got into the messages and ideas presented, I knew the class could have lasted longer with good attendance."

"I believe I have gained a much better perspective on the idea of prosperity. I have a lot better understanding of my own spiritual divinity and how to use the spiritual laws for my growth."

"The 4T class was a powerful exercise in practicing the Presence of God. It has deepened my faith and awareness of God within. The "3 column prayer" we used in our group was very helpful. Our group had a deep bond among us almost from the beginning by praying aloud together."

"I thought the class offered many ways to improve my thinking about tithing especially. But also prayer. The 3 step prayer is something that I think I was doing but to a lesser degree. I feel that I will get most out of the class by going over several times and possible forever."

"This class has changed my life. I am grateful for the togetherness and wonder of it all. The concept can be easily lived with and practiced in everyday living!! I think differently."

"I began the 4T course like many other courses I have taken but almost from the first moment I was moved to release my lack consciousness—and give the tithe I knew I should. I now know I never want to shortchange my Source. I feel richer in my relationships with the Christ Spirit in the class. This is my prosperity. The 4T class has had a profound effect in my life in the way I approach my relationships, my work, and the 'upsets' life delivers."

"The concepts embodied in the 12 week course were spiritual and practical. The course was structured and easy to follow. What I particularly liked was the fact that the verbatim workbook reflected Stretton Smith's voice on the audio cassette. This made it unnecessary to keep notes which may have been incomplete or incorrect. The workbook can be kept and referred to anytime. Glad I took this course!"

"I originally had a fear of not being able to perform all the commitments proposed at the beginning of this 4T program. AS the class progressed, I began to understand how to come closer to God and my spiritual life as a whole. I have now, a lot more understanding of myself and my relationship with God. I know there is much more to learn and I want to continue that learning and to gain more knowledge in the near future. This class has truly made my life easier and less stressful, knowing that God will take care of me, my health, and my life and give me a prosperous life to come. Thank you, God."

"The 4T class has been a compelling and enriching experience. I have enjoyed exploring the concepts of my purpose in daily living, my relationships with friends and family, and ways that I contribute to others. I feel blessed and grateful for the love in my life. And I am so thankful for Unity. Great class!"

"Participation in the 4T class has given me a feeling of a deeper and closer connection to God and to the group. Working the 12 steps does result in prosperity, and more."

"This class has brought me closer to the realization of my divine nature. The steps Rev. Smith has outlined have been helpful in my prayer time and have widened my contact with the Father. I am still working on staying constantly in touch with my inner Spirit and helper (the Christ within)."

"The 4T class has given rebirth to my dreams, reconnected me with Spirit on a deep level, and helped me to believe in me."

"4T is giving me the organization to my Spiritual life that I needed. Every lesson has been an awakening, accompanied by the guidance of a clear, heartfelt, experienced teacher."

"An excellent, structured way to explore many things you already know. 4T exemplifies the power of the 12 Step approach to healing."

"The 4T program encompasses several proven motivational, inspirational, and self-development programs and then encapsulates them into a spiritual environment. The result is the expected impact of the proven programs with a multiplier of 10 as combined with GOD. At last, tested self-improvement programs, joined with a solid ethical, moral, religious foundation!"

"Though I initially resisted listening to the tapes, I've found the 4T program to be fantastic for me. It's hard to put into words, but the GROUP CONSCIOUSNESS in our class is incredibly powerful, and stays with us throughout the week as I continue applying the concepts from 4T. I highly recommend this program!"

"4T helped me realize how far off center I had gotten and brought me in line with a re-commitment to my dreams and goals."

"4T really has helped me change my consciousness about all aspects of prosperity. Wow!"

"4T has been a great blessing to me. It has allowed me to be a healthier, happier person. The supportive environment has helped make constructive changes possible in my life."
